Please contact the wagonmasters if you plan to attend any of the above rallies in order for them to make reservations for you. This applies to rallies at both private and public parks.

Sorry I can't include the campouts for the balance of 2011, but I'm sitting in our daughter's living room in Marysville, WA (N. of Seattle), and all the rest of the schedule is at our home in Oregon. We're here to help her with some chores to be done around the house; I've been handed the job of cleaning out the flower beds, and Morry has been doing some painting in addition to cleaning the deck surface and removing and replacing a few boards that have dry rot.

After a Spring and Summer of below normal temperatures up until a week or so ago, wouldn't you know that we are experiencing really hot weather for this part of the Pacific Northwest? I realize that the rest of the country has had above normal temperatures for months, so it really is our turn at it. However, it does make it tough to work outside

when you are not used to it. I can almost hear the moans, groans, and other sounds of derision from the rest of you.

I've been out of touch with most of you during this summer, so I don't have much news to share. I have heard that DEWEY AND PAULETTE DAVID spent quite a bit of time in Twin Falls, Idaho to be with Dewey's ill mother. She is now in rehab and gaining strength every day. That's good news.

We're looking forward to seeing everyone at the Region VII/Arizona State rally October 25-29. Be sure to send your registration to Russ Carlson. Can't wait to hear what has gone on with you these past few months. In the meantime, take good care of yourselves, have safe travels back to Arizona, and always remember that you are very special to the members of Chapter 309.

Ye olde editor,

Virginia

I thought I would add a few things so the editor will have a longer newsletter! Barbara and I were among the three couples from AZ to attend the HRRVC International Rally. The other two were Ray and Hilda Nichols and Russ and Mary Alice Carlson. It was HOT about 98-100 with 98 % humidity. NOT AZ hot and you had to wear a sweater in the buildings. The National Fairgrounds in Perry has great facilities and the building was very impressive. There were only 272 rigs in attendance, which made it the smallest International in HRRVC history. We toured the Museum of Aviation in Warner Robins, GA. They had a very impressive array of WW II aircraft and some dioramas of the war battles. We also visited a peach farm where they were processing fresh Georgia peaches, quite a process. We of course had several minutes to be proud grandparents when our granddaughter Jamie Laursen, received her scholarship award. Barbara and I expect to see you all in October at the State Rally. Larry
