Dear Linda,

I wanted to take this opportunity to address some rumors that are going around about Navistar's commitment to Monaco RV and production of Holiday Rambler motorhomes. Please assure everyone in the HRRVC club that Navistar has made a long-term commitment to the RV industry with its investment in Monaco RV. We are currently building and selling a wide variety of Holiday Rambler coaches, and our sales team is working hard to sign up more and more dealers to distribute our brands.

There may have been some confusion with statements made by executives at a recent event, explaining that we are not currently building Beaver and Safari brand motorhomes and expect this situation to continue through 2010. To reiterate, we are building Holiday Rambler and Monaco motorhomes today and will do so long into the future.

If you have questions or need more information, feel free to contact Scott Jacobson or me.

Best regards,

Mike Snell
